REPUBLICAN PARTY

Our Challenges

State and County Committee positions have tremendous influence over shaping the direction of the party and over elections and races in New York. Unfortunately, the vast majority of the committee member seats go unfilled every election cycle. This leaves strategic decisions made by a few Republican Party insiders and they don't always reflect the will or values of voters. It undermines our goal of broad participation in county and state decision-making and proper representation by its residents.

The Voter is the **MOST Important Person!**

The Queens Village Republican Club (QVRC) envisions Queens County as being a standard for the American spirit and political energy in the Republican Party. We seek robust Committee representation that is inclusive, participatory, and transparent in its actions. We aim to bring the County Committee to full-strength so it can be the powerhouse it should be and position us to...***"Make New York Great Again!"***

REPUBLICAN PARTY

State & County Committee Members

Committee positions have tremendous influence over shaping the direction of the party and over elections in New York. They:

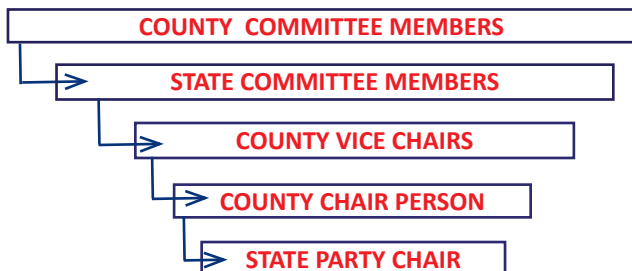

- Elect party leadership; vote on party matters, like party rules
- Spearhead “get out the vote” and voter registration efforts
- Encourage voter conversion to the Republican party
- Amplify the voice of their neighbors on issues they care about
- Leverage their engagement with elected officials
- Help fill judicial vacancies on the Civil and Supreme Court
- Appoint poll watchers
- Help choose Republican nominees in state special elections
- Attend one to two party meetings each year.

Your Voice, Your Vote Matters!

The next **Republican Party Election** is scheduled for **2025**.

State Committee Members are elected officials who serve unpaid two-year terms. Elections take place every odd year. They are responsible for electing the State Party Chairperson. State Committee representatives are able to develop and lead Republicans in their Assembly District.

County Committee Members are elected officials who serve unpaid two-year terms. Elections take place every odd year. They are responsible for electing the County Party Chairperson. They are closest to the voter, present worthy policies and candidates for voter consideration, and provide feedback to the State Committee Members.
